There are four hundred and forty-six cases docketed for the Fall term of the Court of Appeals, beginning in this month.

The date set for the next Triennial Convocation is the first Tuesday in September, 1904, and San Francisco is the city.

The Mortality for Kentucky during the year 1900, as shown by the Census Bureau, is as follows: Total deaths, 27,091, 18,543 males and 8,548 females. In Louisville there were 4,092 deaths, 2,106 being males and 1,986 females.

Judge Frank E. Dougherty, of Bardonia, has announced his candidacy for Congress in the Fourth District, to succeed the Hon. Dave Smith. There will be others to come to the front and the fight for the nomination in that district will be especially interesting.

A horrible story comes from Springfield, told by a young lady writing to her aunt who resides at Harrodsburg. She states that the water in the reservoir at that place had become so odoriferous that an investigation was made and the bodies of eight partly decomposed infants were found.

Boss Bass and his office holders met in Louisville last Saturday and re-named a ticket for County and City officers. The best element of the Republican party did not attend the convention, and declare they will have nothing to do with a ticket nominated by the Sapp crowd. Jno. A. Stratton heads the ticket for Mayor.

The Cincinnati Weekly Enquirer is offering \$50,000 in Cash Premiums for the nearest correct guess on the total vote of Ohio. The election in Ohio occurs on Tuesday November 6th, this year, and is for a Governor, State Officers and Legislators. The new Legislature will choose a United States Senator to succeed Senator Foraker. The Enquirer also offers \$50 each week for the largest club of guesses received during that week. This is an excellent chance for obtaining money easy.

The Knights Templar Convocation which convened in Louisville last week was the most brilliant affair and the largest gathering of people ever assembled in the metropolis of this State. From every State in the Union and from the distant West, friends came. There were 10,000 in the parade and thousands of others were present who did not take part in the exhibition of Knighthood. Fully 250,000 visitors were attracted to the city of Louisville to witness that grand pageant and from every point it was a great success. The first prize in the drill contest, which was a silver baguet set of thirty-four pieces, valued at \$5,000, was won by the Denver Commandery, of Colorado. St. Bernard Commandery, of Chicago, won second, Golden Gate of California, third, and a Cincinnati Commandery fourth. The drilling lasted from 9 a. m. to 4 p. m. on Wednesday and was witnessed by 80,000. Dr. Molay Commandery, of Louisville, bows and pays homage to the Denver Knights, who now stand the champions of all the land. Below we give the Courier-Journal in its report of Dr. Molay's surrender of the championship to the new champions from the Rockies.

Eminent Commander Adams then presented a beautiful willow pennant, half white and half black on which was embroidered in gold letters the word "Champions" and underneath a large Passion cross in red. The banner was handsomely mounted and on the staff was a gold plate suitably inscribed. In presenting the pennant, Eminent Commander Adams said: "Eminent Sir: It affords me pleasure and pardonable pride to represent to-night a commandery to which any Sir Knight may be proud to owe allegiance. Though Dr. Molay is only yesterday's conqueror of a century old, she has achieved in her brief career fame at home and abroad, and the most potent factor in her career has been her drill team, organized during her infancy. This team has appeared in six competitive drills and come off victor in all—four State and two national contests—winning second prizes at Chicago in 1890 and first at San Francisco in 1893, becoming thus the champion in the United States, which position she has since held.

"On many previous occasions we have gone abroad and accepted the hospitality of our fraters, partaking of yours at Denver only a few years since; and now we are honored by your acceptance of our invitation and we are proud to receive you as our guests. We have tried to return the many courtesies and bounties received at your hands; we have given our time, money and labor to show you our gratitude and to make your stay with us pleasant and profitable; we have given you all we have and now surrender to you that which is dearest to the heart of every Sir Knight in Dr. Molay, our much prized championship.

"You have won it fairly, Eminent Sir, and while we part with the title with regret, we congratulate you on the success and beg to present this pennant to you as a slight token of your ascendancy and of our sincere appreciation of past courtesies."

While Dr. Molay Commandery passes over the championship to the victors so likewise the Knights of the Whole State congratulate the winners but they look forward to a day when our own beloved Knights of Kentucky may bring back the prestige held so long and loudly last week. Col. Brock-euridge delivered the address of welcome which, from the beginning to conclusion, sparkled with rhetoric, overflowed with sentiment and abounded with logic. Taking all in all no city has surpassed Louisville in a thorough preparation, no State has felt a greater pride and no convocation ever had a broader heart-felt hospitality. The city papers, overseas all former efforts in paying tribute to the Knights; in advertising the hospitality of the State and in painting victory on the crowning event of their history and the great gathering ever held in the State.

This office is in receipt of a 60 page booklet entitled, "Kentucky the Beautiful," by R. E. Hughes and C. C. Osley and issued by the passenger department of the Louisville and Nashville railroad. Its purpose is to acquaint the outside world, and Kentuckians especially, with the many attractive features of the Bluegrass State, particularly that portion traversed by this great system of railroad. Taking Louisville as a starting point it follows its main line through the State, then every attraction and every point of interest, character of historic note on its many branches are pictured in an inviting manner. It touches the founding, and gives a brief history of Gethsemane Abbey, forty-eight miles from Louisville, the most remarkable monastic community in the world and the home of one of the two orders of Trappist Monks on this side of the globe, the other being near Dubuque, Iowa. It marks the spot that inspired Stephen Collins Foster and produced his song "My Old Kentucky Home"; it points out from the L. & N. car window the place and introduces the reader to the character—the foundation of "Uncle Tom's Cabin"; it reveals in the famous bluegrass sections giving the reader a synopsis of that section and its greatest characters of ante-bellum days—the persons who figured both in State and national affairs. It gives much information on Kentucky products and from the line and well equipped L. & N. trains nearly all of the historic places of this State are reached. The L. & N. will carry you to the first race track, it passes the first distillery, glides through the most beautiful and productive region of the world, takes the direct route to the Mammoth Cave—the greatest cavern known, and from the beautiful and productive sections it carries the pleasure seeker in the heart of the Cumberland mountains where the face of the earth is rugged and the scene sublime. The above mentioned book will thoroughly acquaint you with the many attractive features of our State; it will revive your memory of her noted and gifted sons and will impart so much information that only a miser would begrudge its cost. You can secure this valuable book by sending 10 cents in stamps to C. L. Stone, Gen. Pass. Agt. L. & N. R. R., Louisville, Ky.

Louisville is not only to be congratulated upon the royal manner in which the Knights Templar were entertained, but her honest citizenship kept pickpockets from entering her gates. Something like four hundred thousand strangers in the metropolis and but one or two thefts reported by the city papers. The Courier-Journal and the Evening Times, did themselves proud, furnishing the fullest details of the proceedings, illustrating all the interesting points in the city, and presenting photographs of the many of the distinguished Knights.

Mr. Zach Phelps, the well-known Louisville lawyer, died last Thursday night.

Cured of Chronic Diarrhea After thirty Years of Suffering. "I suffered for thirty years with diarrhoea and I thought I was past being cured," says J. S. Hallway, of French Camp, Miss. "I had spent so much time and money and suffered so much that I had given up all hopes of recovery. I was so feeble from the effects of the diarrhea that I could do kind of labor, could not even travel, but by accident was permitted to find a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after taking several bottles I am entirely cured of that trouble. I am so pleased with the result that I am anxious that it be in the hands of who suffer as I have." For sale by M. Craves.

If you want to invest some money in the Columbia Oil Co., call on or write Wm. F. Jeffries or any member of the company in this town.

Attended the Editor. Editor S. A. Brown, of Bensenville, S. C., was immensely surprised. "Through long suffering from Dyspepsia," he writes, "my wife was greatly run down. She had no strength or vigor and suffered great distress from her stomach, but she tried Electric Bitters which helped her at once, and, after taking several bottles she is entirely well, can eat anything. It's a grand tonic, and its gentle laxative qualities are splendid for torpid liver." For instance, I feel of appetite, stomach and liver troubles it's a positive, guaranteed cure. Soc. at T. E.
